About us

Global Player

We are an International company with a distribution network in more than 120 countries worldwide. We are a major player in the stamp industry and have achieved an outstanding position in the market.

Innovation & Design

With our innovative ideas, modern design and product enhancements, we constantly strive to improve the quality and durability of our products. By means of ideas and creativity we continuously set new trends in our business.

Marking Solutions

We offer an extensive range of stamps for all requirements and areas of business - from traditional office stamps to pocket stamps. COLOP stamps are available in many shapes and sizes. In addition we have stamp ranges which offer special features. COLOP "Green Stamps" are made of primarily ecological materials. COLOP stamps with Microban® antibacterial protection inhibit the growth of harmful bacteria. In addition COLOP offers all necessary products and systems to provide a high quality stamp impression. Sophisticated e-solutions for the creation of text plates for online sales complete the range.

Quality

COLOP's quality management system has been certified according to ISO 9001 for several years. This ensures that products and services are subjected to regulated quality criteria. The certification according to ISO 14001 in 2008 confirms that COLOP possesses a functioning and fully integrated ENVIRONMENTAL SYSTEM.

Environmental Management

Environmental responsibility is a central philosophy in our company. Our ecological orientation is reflected in an ISO 14001/2004 certificate for Environmental Management. We endeavor to make the biggest possible contribution to protect and preserve our environment. Several years ago we included this subject in our "COLOP-Mission" and developed a comprehensive and sustainable environmental concept as well as ecologically orientated products.

High Tech Production

Fully automated production and assembling of the main product lines assures excellent quality as well as providing the capacity for further expansion and securing the site in the long term. The production processes are set up with the environment in mind. We base our responsibility for the environment on the following philosophy in order to avoid waste:

Avoidance **OVER** reduction **OVER** utilization **OVER** rejection

Printer Line

The largest range of self-inking stamps

The Printer Line offers a complete choice of sizes from small and handy up to large and generous - the largest range of formats up to round, oval and even triangle.

The X-Large image window provides additional space for branding and personalisation

Original COLOP pads guarantee clear imprints - easy, clean and proven pad exchange

Personalisation from TOP TO BOTTOM

Various models are available as date stamps or even numbering stamps

Microban® Stamps

Stamps with antibacterial protection

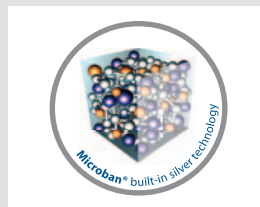

In daily life stamps are handled by many different people - this means multiple hand impressions and the transfer of bacteria. Built-in during the point of manufacture, Microban® antibacterial protection inhibits the growth of harmful bacteria.

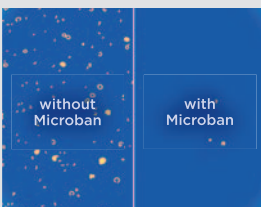

Classic and Expert Line see pages 22-29

The main touch points have Microban® antibacterial protection built-in

COLOP are utilising Microban 3G Silver™ technology. Built-in during manufacture, it will not wash off or wear away.

Left: Unprotected surface
Right: Surface protected with Microban

COLOP regularly participate in the Microban Quality Assurance programme

Green Stamps

We take responsibility

COLOP Green Line

The self-inking stamp range predominantly made from sustainable and recycled material. A minimum of between 75% and 80% recycled plastic is used.

COLOP Liquid Wood

This innovative and pioneering material is based on Lignin - a natural spin off from the paper industry.

The mark of responsible forestry

The Classic Green Line handles are FSC® certified (Forest Stewardship Council®)

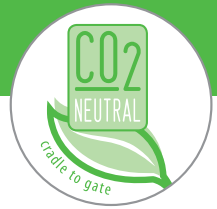

The wood used in Liquid Wood originates exclusively from sustainable, certified forestry (PEFC-certified)

Green Stamps are CO₂ neutral - unavoidable CO₂ emissions are compensated by means of investment into climate protection projects (GOLD STANDARD Projects), based on the system boundary "cradle to gate".

Liquid Wood is 100% biodegradable. Because the source material wood is CO₂-neutral, Liquid Wood also has a very small CO₂ footprint.

Portable Stamps

Essential companions

Multifunctional and always with you - on your desk in the office, or "on the road" in a pocket, around the neck or on a keyring.

Easy and flexible to use - effortless and clean

COLOP's pen stamps are attractive writing implements, but with the added function of a practical stamp

Small, smart and portable - with a clip it goes everywhere

Modern design - the perfect gift for everyone

DIY Stamps

Express yourself - impress the rest

The COLOP range of D-I-Y stamps combines the functional advantages of self-inking stamps with the ability to set and create an individual message. D-I-Y stamps are available as typical office stamps as well as handy portable stamps.

Attractive packaging - stands out in every retail outlet

Flexibility to change as often as required

Easy setting of an individual text plate using the tweezers supplied

With pictograms and symbols - always on the leading edge

Band Stamps

Tradition in reliable quality

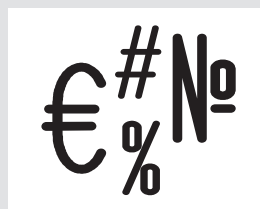

Traditional rubber stamps with deep moulded bands for use with a separate stamp pad. Available as date stamps or numbering stamps.

Economical and functional - available in many different sizes and character measures

A sturdy metal frame makes this band stamp a long-lasting marking device

Special characters are available for the majority of the models

Ergonomically designed handles for comfortable use
