

Material Safety Data Sheet

1.0 Product and Company Identification

Identification of the preparation **HP Color LaserJet Magenta Print Cartridge Q2673A**

Company Identification Hewlett-Packard Company
11311 Chinden Boulevard
Boise, Idaho 83714
United States

Emergency telephone number 1-800-457-4209 (USA and Canada)
Hewlett-Packard Health Effects Line Intl: +1-503-494-7199 (all other areas)
Singapore: +001-800-332-13321

General information telephone number 1-208-323-2551 (USA and Canada)
Intl: +1-208-323-2551 (all other areas)

Local Contact Information **Ireland**
Liffey Park Technology Park
Barnhall Road Leixlip, Co.
Kildare, Ireland
Phone: 01 6150000
United Kingdom
Hewlett-Packard, Ltd.
Cain Road, Amen Corner
Bracknell, Berkshire, RG12 1HN
Phone: 1344 36-0000

Hazard Rating	US NFPA/HMIS
Health	1
Flammability	1
Instability/Reactivity	0
Special	N/A

2.0 Composition/Information on Ingredients

This product is a magenta print cartridge that is used in Hewlett-Packard Color LaserJet 3500 and 3550 series printers.

Toner Component/Substance	CAS Number	EU Number	% by Weight	Risk Phrases
Styrene Acrylate Copolymer	-	-	75 - 85	-
Wax	-	-	5 - 10	-
Pigment	-	-	1 - 7	-
Amorphous silica	7631-86-9	231-545-4	1 - 2	-

Material Safety Data Sheet

Image Drum Component/Substance	CAS Number	EU Number	% by Weight	Risk Phrases
Aluminum alloy	-	-	95.0 – 99.5	-
Polyester resin	-	-	0.2 – 1.0	-
Aryl amine derivative	-	-	0.2 – 1.0	-

3.0 Hazard Identification

This product is not classified as hazardous according to OSHA CFR 1910.1200 or EU Directive 1999/45/EC, and as amended.

Routes of Exposure Toner & Image drum - Inhalation, Ingestion, skin and eyes.

Acute Health Hazards

Inhalation: Toner - Respiratory tract irritation may occur with exposure to large amounts of dust.

Image drum - Not an applicable route of entry for intended use.

Ingestion: Toner - Low acute toxicity. Ingestion is a minor route of entry for intended use of this product.

Image drum - Not an applicable route of entry for intended use.

Skin: Toner & Image drum - Unlikely to cause skin irritation.

Eyes: Toner - May cause transient slight irritation.

Image drum - Not applicable under intended use.

Chronic Health Hazards

Toner - Prolonged inhalation of excessive amounts of any dust may cause lung damage. Use of this product as intended does not result in inhalation of excessive amounts of dust.

Image drum - None known.

Carcinogenicity

Refer to Section 11.

4.0 First Aid Measures

Inhalation: Toner - Move person to fresh air immediately. If symptoms occur, consult a physician.

Image drum - Not applicable.

Material Safety Data Sheet

Ingestion: Toner - Rinse mouth out with water. Drink one to two glasses of water. If symptoms occur, consult a physician immediately.
Image drum - Not applicable.

Skin: Toner & Image drum - Wash affected areas with soap and water. If irritation persists, consult a physician.

Eyes: Toner - Do not rub eyes. Immediately flush with large amounts of clean, lukewarm water (low pressure) for at least 5 minutes or until particles are removed. If irritation persists, consult a physician.
Image drum - Not applicable.

5.0 Fire Fighting Measures

Extinguishing media Toner - CO₂, water, dry chemical
Image drum - CO₂, dry chemical

Unsuitable Extinguishing Media Toner - None
Image drum - Water or foam

Special Firefighting Procedures If fire occurs in the printer, treat as an electrical fire.
* Do Not extinguish with water or foam.*

Unusual fire and explosion hazards Toner - Like most organic material in powder form, toner can form explosive dust-air mixtures when finely dispersed in air.
Image drum - None

Auto-ignition temperature Toner - Not available
Image drum - Not applicable

Flashpoint (method) Toner & Image drum - Not applicable

Hazardous Combustion Products Toner - CO, CO₂
Image drum - CO, CO₂, NO_x

Material Safety Data Sheet

6.0 Accidental release measures

Spill or leak procedures Toner - Avoid breathing dust. Minimize the release of particles. Slowly sweep the material into a bag or other sealed container. Clean remainder with a damp cloth or vacuum cleaner. If a vacuum is used, the motor must be rated as dust explosion-proof. Fine powder can form explosive dust-air mixtures. Dispose of waste toner in accordance with local requirements.
Image drum - Not applicable.

Environmental precautions Toner - Do not discharge into drains (See also Section 13, Disposal Considerations).
Image drum - See section 13 Disposal Considerations.

7.0 Handling and Storage

Advice on safe handling and protection against fire Toner - Keep material out of reach of children. Avoid inhalation of dust and contact with eyes. Use with adequate ventilation. Keep away from excessive heat, sparks, and open flames.
Image drum - None

Requirements for storage rooms and advise on storage compatibility Toner - Keep out of the reach of children. Keep container closed and store at room temperature. Keep away from strong oxidizers.
Image drum - Maintain storage temperature less than 45°C.

8.0 Exposure control/ personal protection

Exposure Limit Values

USA OSHA (TWA/PEL): Toner - 15 mg/m³ (Total Dust)
Image drum - None

Toner - 5 mg/m³ (Respirable Fraction)
Image drum - None

ACGIH (TWA/TLV): Toner - 10 mg/m³ (Inhalable Particulate)
Image drum - None

Toner - 3 mg/m³ (Respirable Particulate)
Image drum - None

Material Safety Data Sheet

TRGS 900 (Luftgrenzwert): Toner - 4 mg/m³ (Einatembare Partikel)
Image drum – None

Toner - 1.5 mg/m³ (Alveolengängige Fraktion)
Image drum – None

Amorphous silica: Toner – USA OSHA PEL - 20 mppcf, 80(mg/m³)/% SiO₂ (TWA); ACGIH TLV - 10 mg/m³ (TWA)
Image drum – None

Exposure Controls Image drum - Not required under normal conditions.

Respiratory protection Toner - Not required under intended use.

Ventilation Toner - Good general ventilation should be sufficient under intended use.

Protective gloves Toner - Not required under intended use.

Eye protection Toner - Not required under intended use.

Other protective equipment Toner - Not required under intended use.

9.0 Physical and chemical properties

pH Toner & Image drum - Not applicable

Boiling point Toner & Image drum - Not applicable

Melting point Toner: 100 - 150°C (Softening Point)
Image drum: >100°C

Flammability Toner - Non-flammable solid (according to test methods of EU Directive 92/69/EEC and as amended, A10 Flammability (Solids).
Image drum – Not applicable.

Explosive properties Toner - Toner material, like most organic material in powder form, is capable of creating a dust explosion.
Image drum – None

Oxidizing properties Toner & Image drum - No data available

Material Safety Data Sheet

Vapor Pressure Toner & Image drum - Not applicable

Specific gravity (H₂O=1) Toner - 1.0 - 1.2
Image drum - No data available.

Solubility in water Toner - Negligible
Image drum - Not soluble

Solubility in organic solvents Toner - Partially soluble in toluene and xylene.
Image drum - Partially soluble in ketones, esters and aromatic solvents.

Partition coefficient Toner - Not applicable.
Image drum - Not soluble in n-octanol.

Viscosity Toner & Image drum - Not applicable

Vapor density Toner & Image drum - Not applicable

Evaporation rate Toner & Image drum - Not applicable

Physical state Toner - Fine powder
Image drum - Viridian aluminum cylinder

Color Toner - Magenta
Image drum - Greenish blue

Odor Toner - Slight plastic odor
Image drum - Odorless

Other Toner - Decomposition Temperature: >200 °C
Image drum - None known

10.0 Stability and reactivity

Stability Toner & Image drum - Stable under normal storage conditions.

Incompatibilities Toner - Strong oxidizers
Image drum - None

Hazardous decomposition products Toner - CO, CO₂
Image drum - CO, CO₂, NO_x

Hazardous polymerization Toner & Image drum - Will not occur.

Material Safety Data Sheet

11.0 Toxicological information

Refer to Section 3 for potential health effects and Section 4 for first aid measures

Ingestion: Toner - LD₅₀: orl-rat>2000 mg/kg, not harmful.
Image drum coating – No data available.

Inhalation: Toner & Image drum coating - No data available

Eye contact: Toner & Image drum coating - Not classified as irritant, according to OSHA Hazard Communication Standard (HCS) and EU Directive 67/548/EEC and as amended.

Skin contact: Toner - Not classified as irritant, according to OSHA Hazard Communication Standard (HCS) and EU Directive 67/548/EEC and as amended.
Image drum coating - No data available.

Mutagenicity: Toner & Image drum coating - Negative, does not indicate mutagenic potential (Ames Test: Salmonella typhimurium).

Carcinogenicity: Toner & Image drum coating - Not a known or suspected carcinogen according to any IARC Monograph, NTP, OSHA Regulations (USA), EU Directive, and Proposition 65 (California).

Reproductive Toxicity: Toner - Not classified as toxic according to EU Directive 67/548/EEC and as amended, California Prop. 65, and DFG (Germany).
Image drum coating - No data available.

Sensitization: Toner & Image drum coating - Not classified as a sensitizer according to EU Directive 67/548/EEC and as amended, and OSHA HCS (US).

Chronic Toxicity: Toner & Image drum coating – None

Other: Toner & Image drum coating – None

12.0 Ecological Information

No data available for ecological and wastewater treatment (sewage) systems. Avoid spills and dispose of in accordance with applicable laws and regulations.

Material Safety Data Sheet

13.0 Disposal considerations

Do not put toner or print cartridge into fire; heated toner may cause severe burns. Do not shred print cartridge, unless dust-explosion prevention measures are taken. Finely dispersed particles may form explosive mixtures in air. Dispose of in compliance with federal, state, and local regulation.

14.0 Transportation information

Not a regulated article under DOT, IATA, ADR, or RID

UN Number Toner & Image drum – None

Class Toner & Image drum – None

Proper Shipping Name Toner & Image drum – None

Packing Group Toner & Image drum – None

Special Precautions Toner & Image drum – None

15.0 Regulatory information

US EPA TSCA Inventory Toner & Image drum - All chemical substances in this product comply with all rules or orders under TSCA.

US EPA TSCA 12(b) Toner - Contains p-Xylene - [CAS No. 106-42-3]
Image drum – None

US California Proposition 65 Toner & Image drum – None

EU Notification Toner & Image drum - All components in this product are compliant with EU Chemical Inventory regulations.

EU R&S Phrase Information Toner & Image drum - No European Risk Phrases (labeling data).

Dangerous Components (CAS No.) wt% Toner & Image drum – None

USA Labeling Symbol Toner & Image drum - Not required

Hazard Warning Toner & Image drum - Not required

Safety Advice Toner & Image drum - Not required

Material Safety Data Sheet

Hazardous Component(s) Toner & Image drum – None

16.0 Other information

Date Prepared: October 1, 2004
HP-DMS Document Control Number: 09000de78027be63-eng
Revision Information: The replaces all prior versions of the MSDS
EU Information: This MSDS was prepared in compliance with EU Directive 91/155/EEC as amended by 2001/58/EC and USA OSHA Hazard Communications regulations (29CFR1910:1200).

DISCLAIMER: This Material Safety Data Sheet (MSDS) is provided without charge to customers of Hewlett-Packard. Data is the most current known to Hewlett-Packard at the time of preparation of this MSDS and is believed to be accurate. It should not be construed as guaranteeing specific properties of the product as described or its suitability for a particular application.
