## Brand new look for 2011

To celebrate 100 years of Basildon Bond, the iconic brand has been given a fresh new look for 2011.

As the most trusted name in personal stationery for the past 100 years, the new range has a new contemporary look, yet retains the premium 90gsm watermarked quality paper expected by customers.

Available in a wide range of sizes in white, blue, champagne and Air Mail, with matching envelopes.

There's even a recycled option for the environmentally conscious.
