ENTRY LEVEL

Compact, efficient and highly economical, the FS-1041 is the ideal desktop printer. Fast and quiet, it prints the first page in just ten seconds after sending the job, has low-noise printing as standard and a quiet mode to reduce noise further. With KYOCERA's hard-wearing components, the FS-1041 is a robust, reliable and hassle-free printer you can rely on.

- > Up to 20 A4 pages per minute
- > 250-sheet universal paper cassette
- > Quality of 1,200 dpi (1,800 x 600)
- > Compact size and small footprint
- > Low-noise printing with quiet-mode function
- > Long-life components deliver reliability
- > Exceptionally low printing costs

ADVANCED

With its network interface, the FS-1061DN is the perfect desktop printer for personal use or small work groups. This compact printer offers duplex print capability with low-noise printing as standard and a quiet mode to reduce noise further. With KYOCERA's long-life components, the FS-1061DN is a fast, efficient and reliable printer for SMEs.

- > Up to 25 A4 pages per minute
- > 250-sheet universal paper cassette
- > Automatic duplex print capability
- > USB and network connectivity as standard
- > Low-noise printing, with quiet-mode function
- > Compact size and small footprint
- > Long-life components deliver reliability
- > Exceptionally low printing costs

VERSATILE

Impressive print, copy and scan functionality packed into a compact design means the FS-1220MFP is a reliable and affordable companion for desktops and home offices. This multifunctional device prints up to 20 ppm in monochrome and scans up to 21 ipm in monochrome and colour. KYOCERA's long-life technology and toner yields of 1,600 pages keep the costs down and the carbon footprint low.

- > Up to 20 A4 pages per minute
- > Print, copy and scan functionality as standard
- > Compact size and small footprint
- > Long-life components deliver reliability
- > High toner yield
- > Exceptionally low printing costs

FULLY FEATURED

The 40-sheet document feeder and fax functionality make the FS-1320MFP a robust all-rounder for smaller offices. This multifunctional device prints up to 20 ppm in monochrome and comes with a user-friendly two-line LCD display. Extremely durable parts and toner yields of up to 1,600 pages keep the costs to both you and the environment low.

- > Up to 20 A4 pages per minute
- > Print, copy, scan and fax functionality as standard
- > 40-sheet document processor
- > Two-line LCD display for clear messages and ease of use
- > Long-life components deliver reliability
- > Compact size and small footprint
- > High toner yield
- > Exceptionally low printing costs

PREMIUM

Duplex printing, network connectivity and fax features allow the FS-1325MFP to meet the exacting demands of small offices and work groups. With print speeds of 25 ppm in monochrome and toner yields of up to 2,100 pages, this multifunctional device easily scales to handle bigger workloads. Its long-life components significantly reduce running costs and the environmental impact.

- > Up to 25 A4 pages per minute
- > 250-sheet universal paper cassette
- > Print, copy, scan and fax functionality as standard
- > Automatic duplex print
- > USB and network connectivity as standard
- > Compact size and small footprint
- > Long-life components deliver reliability
- > High toner yield and exceptionally low printing costs

ECOSYS stands for ECOlogy, ECONomy and SYStem-printing. With their long-life components, ECOSYS devices are designed to maximise durability and minimise the total cost of ownership with regard to maintenance, administration and consumables. The cartridge-free system means that only the toner has to be replaced regularly. KYOCERA's long-life components cost you and the environment less.
