doubleblaster

Introduction:

Before using your *doubleblaster* speaker for the first time, please take a few moments to read through the user manual.

doubleblaster

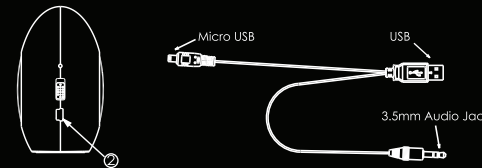

1 - Power on/off 2 - Micro USB charging port 3 - LED indicator 4 - Speaker

Bluetooth operation:

When using with Bluetooth for the first time, please pair the speaker with your mobile phone as follows:

1. Activate your phone's Bluetooth function and then enter its searching mode.
2. To switch on your *doubleblaster* speaker, push the on/off button (1) to "on", this will activate the Bluetooth function.
3. The LED (3) will flash alternately red and blue and a beep will indicate that the Bluetooth function has been successfully activated.
4. Your mobile phone will automatically find a new Bluetooth device called "DOUBLEBLASTER". Connect this device and a beep will indicate that the speaker has successfully been connected.
5. Please adjust the sound to a moderate volume and enjoy the music.
6. To switch off your *doubleblaster* speaker, push the on/off button (1) to "off".

Wired operation:

You can use your *doubleblaster* as a wired speaker to increase battery life. Simply connect the 3.5mm line-in cable to your audio source and the Micro USB end to your *doubleblaster* speaker (2).

Charging:

To charge, simply connect the USB cable end directly to a PC, laptop or mains USB charger and the Micro USB end to your *doubleblaster* speaker (2). The LED (3) on your speaker will turn red whilst charging, and turn off when fully charged. Please note that the speaker will not charge and play at the same time
