## User Manual

BOOMPODS™ designed in the UK by DT Design Ltd. All rights reserved ©2013. This product uses BOOMPODS™ technology and is covered by international patents, wireless headpods - IP: 201330118796.7

 **Bluetooth™**

wireless headpods

### Introduction:

Before using your wireless headpods for the first time, please take a few moments to read through the user manual.

## wireless headpods

1-On/Off/Play/Pause/Answer call/End call 2-Volume down 3-Volume up  
4-Previous track 5-Next track 6-Micro USB charging and audio port  
7-Microphone

### Bluetooth operation:

1. Activate your phone's Bluetooth function and enter its searching mode.
2. Press and hold the on/off button (1) on your headpods until the **BOOMPODS™** logo flashes red and blue – this will activate the pairing mode.
3. Your mobile phone will automatically find a new Bluetooth device called "headpods". Connect to this device and wait until the **BOOMPODS™** logo has turned blue. This indicates that your headpods are now successfully connected.
4. Please adjust the sound to a moderate volume and enjoy the music.
5. To switch off your headpods, press and hold the on/off button (1) until the **BOOMPODS™** logo turns red then release the button.

### Receiving incoming calls:

When receiving an incoming call, your music track will pause and you will be able to hear your regular mobile ringtone. To accept the call, press the on/off button (1) once. To reject the call press twice. Once the call is finished, your track will start again automatically.

### Wired operation:

You can use your headpods as a wired headphone to increase battery life. Simply switch off your headpods and then connect the 3.5mm line-in cable to your audio source and the Micro USB end to your headpods (6).

### Charging:

To charge, simply connect the USB cable end directly to a PC, laptop or mains USB and the Micro USB end to your headpods (6). The LED light on your headpods will turn red whilst charging and turn off when fully charged. Please note whilst charging, you will not be able to use your headpods in play mode.

### Power save mode:

Your headpods will turn off automatically if paused for more than 50 seconds.

### Package contents:
