All the performance – without the complexity

Recent trends have shown that businesses are looking at their print environment as a way of driving efficiency throughout their business. By replacing outdated inefficient printers and copiers with energy efficient multifunction devices they can achieve productivity gains, improved device availability and significantly reduced costs. As well as helping to shrink the overall carbon footprint of an organisation, multifunction devices deliver a simple to use, yet versatile solution that is flexible enough to meet the needs of different users across the business. This enables the business to provide transparency in their costs, increased competitiveness and the ability to respond quickly to market demands. Introducing the Samsung SCX-5637 / SCX-5737 / SCX-4833 series mono laser multifunction printers. This intelligently designed range of devices offers reliable and fast performance alongside ease of use for maximum user convenience. Its high ECO credentials make it the ideal option for businesses that are looking to reduce their environmental impact as well as reduce costs, increase productivity and improve workflow.

It multi-tasks so you don't have to

Productivity is key to running any office or professional workgroup. And the versatile SCX-5737FW was designed to deliver exactly that. Now you can print, copy, scan, fax and PC-fax with unparalleled convenience, ease and speed. Why cram a corner of your office with several different machines when all you need is one central device - the SCX-5737FW laser multifunction printer.

Welcome to your high performance office

The SCX-5737FW increases your productivity with a print speed of 35ppm. If its breathtakingly fast printing speed isn't enough, when you factor in the processing power that comes with an 600MHz processor, fast network and memory expandable up to 768MB., there's no doubting the high-octane performance the SCX-5637FW can bring to any office.

Save time and earth with convenient one-touch eco mode

One touch of the ECO button and you've automatically selected the most eco-friendly print settings. Your printouts are automatically converted to two pages per sheet, and the toner save mode is switched on. And it doesn't stop there. With the unique Result Simulator you can see exactly how much CO₂, electricity and paper you have saved with the settings you've selected. Giving you real

insight into the positive impact the Samsung SCX-5737FW is having on your costs and the environment too.

Setup is easy with our secure, one-touch wireless connection.

The SCX-5737FW's One Touch Wi-Fi Setting lets you connect quickly and easily. Simply select the WPS button on the printer, press the WPS (Wi-Fi Protected Set-up) button on the access point (router) and you're done. Normally, you would have to spend time creating a wireless network name and manually entering a security key or password on all the wireless devices. But the ultra-convenient One Touch Wi-Fi Setting automatically configures - and protects - your wireless network for you.

No strings attached

Turn your computer loose with wireless printing. There are no more cables tripping you up and no need to plug and unplug machines to identify the right printer. And better yet, a wireless printer can be shared by many computers, saving you money on hardware and energy costs. Break free from the restraints of cables and say goodbye to cable clutter with the SCX-5737FW wireless colour laser printer.

Fed up with paper feeding?

Feel free to multitask while your documents print: SCX-5737FW will crank through even your biggest print jobs without relying on you for a paper refill. Upgrade the standard 300-page capacity cassette with 520-page optional cassettes for even larger capacity paper handling, perfect for all of your bulk printing needs. Sometimes, bigger really is better.

The printer that works with your budget.

The SCX-5737FW lets you choose the right consumables option which you can afford. Toner cartridges are available in cost-effective standard-yield 5000-page version and extra high yield 10000-pages version which provide a lower cost per page and require fewer replacements.

Speedy printing from the very first page

Quit spending your life waiting by the printer. The SCX-5737FW's industry-leading first page out time will have your first high-quality print in your hands in 6.5 seconds from ready mode. With its rapid 35 page-per-minute print speed and professional-grade resolution, you'll get print shop quality in the convenience of your own office. The only problem? What to do with all that new found time.

Capture what catches your eye

Samsung's AnyWeb Print software lets you go hunting and gathering on the Web. You can utilise the SCX-5737FW to easily select, drag, and drop content from different web pages onto a printable scrap board in your browser window, all while you surf the web. Items can be printed quickly or saved in different file formats. It's an easy way to collect, arrange, and edit useful reference points and resources you can only find on the web for big projects - or even just for fun.

Compass Navigation

Always know where your job stands with the SCW-5737FW's navigation feedback LED pattern. It keeps you clued in with its 11 different job status indicators, including error and warning situations.

Expandable Memory

The built-in memory in the SCX-5737FW means that it can handle your workload without breaking a sweat. Enjoy fast processing with the standard 256MB of built-in RAM, or upgrade to 768MB to handle even your biggest jobs with ease.

SyncThru™ Web Service

Tired of having to install software just to manage your printer? Now you can change printer settings, upgrade firmware and check your printer's status easily with just a web browser and the innovative SyncThru™ Web Service.

SyncThru™ Admin 5

Who says you can't do it all? SyncThru™ Admin 5 lets you easily install, manage and monitor all your networked digital print devices on an accessible interface. You also have the ability to analyse data in greater detail with easy-to-read reports

CounThru™ 2 Pro / Enterprise

Get printer status without leaving your seat. Receive low toner level warnings, system error notifications and even usage and customer billing summaries with Samsung's proprietary CounThru™ 2 Pro / Enterprise interface.

Paper Jam

Don't let your productivity come to a halt. The SCX-5737FW features semi-retard roller works to pick up only one piece of paper at a time while preventing sticky situations like misfeeds and paper jams.
